CERTIFICATE

Issued to Aldridge Traffic Controllers Pty Ltd (ATC)

SCATS COMPATIBILITY APPROVAL

The RTA certifies that the Controller referred to in the Schedule below materially complies with the Specification and has Compatibility Approval under clauses 5.6, 5.7 and 5.8 of your TRAFF Licence subject to the Certification Period, Conditions and Limitations referred to in the Schedule.

Schedule

- Controller: Model/Type is **ATSC4** complete with **version 7.0** software, a prototype of which has been inspected by the RTA.
- Certification Period: 3 years commencing 21 December 2010.
- Specification: TSC/4 (including Amendments 1 and 2).
- Conditions: The controller must not be marketed or supplied for use within New South Wales without prior written permission of the RTA on each occasion.
- You must ensure that every Controller materially complies with the Specification and corresponds with the prototype Controller provided to the RTA for which this certification has been issued.
- Limitations: This certification is based on the prototype Controller supplied by you. The RTA does not test each Controller manufactured or supplied by you.
- Disclaimer: This certificate is not RTA Type Approval.

Yours faithfully
